

BARCELONA GOLF DESTINATION

Barcelona is history, art, music..... and now it's also golf.

Barcelona Golf Destination was founded in 2019 by way of collaboration between five golf clubs in the province of Barcelona with the aim of positioning the city as a golf destination at an international level.

Club De Golf Barcelona, Real Club de Golf El Prat, Golf Club Llaveneras, Golf Montanyà, and Golf Club Vallromanes, all clubs with great tradition, wide international recognition and close to the city of Barcelona, are the six clubs that constitute Barcelona Golf Destination.

The proximity to one of the most cosmopolitan and visited cities in the world, a climate that allows you to enjoy golf all year round, a varied offer of hotels and six first-class golf courses make this destination unique in its category.

Visitors can play on the shores of the Mediterranean, in the heart of a natural park or at the foot of Montserrat mountain and will have the opportunity to play on courses that have hosted more than 15 European Tour tournaments and enjoy the modern facilities and services that each Clubhouse offers.

All this, together with an airport connected to the main cities of Europe and the rest of the world, the cultural and leisure offer that the city offers, places Barcelona among the most attractive emerging golf destinations in Europe.

Barcelona Golf Destination supports its offer with the Golf Pass Barcelona card. This allows you to obtain different green fee packages at a special price, to enjoy golf on up to five different courses. The great advantage is the simplification of the procedure: a single payment and a single reservation.

In addition, and thanks to agreements with different hotels in and around the city, green fee packages have been created with accommodation including up to 3 golf courses. These hotels are located in strategic locations so that visitors can enjoy their stay and make the Barcelona Golf Destination experience complete.
